

Juneau Farmers Market

Vendor Registration

The Juneau Farmers Market provides a table at the Saturday Juneau Artists Market at the Juneau Arts & Culture Center for individuals and businesses selling freshly harvested Southeast produce and seafood; home baked goods with local ingredients; and locally produced specialty and artisan foods. The purpose of the Juneau Farmers Market is to encourage and promote local production of food, with an eye to long-term sustainability of our community.

Local gardeners, farmers, fishers, bakers, artisan food makers are invited to come on Saturdays from 10 am to noon to sell their produce at the JFM table.

The Juneau Artists Market is a project of the Juneau Arts & Humanities Council intended to help support the Juneau Arts & Culture Center. The Farmers Market pays the Saturday table rent, and the vendors pay 5% of their income for the day to the JACC, as part of the JAM.
